

If you know of any child with a heart defect who might be in need of the services of this foundation, please contact us by our 800 number or fill in the enclosed form and mail it to us.

The Foundation is operated by a board of twenty trustees elected by members of the Grand Chapter. Each board member represents his area of the State and in addition has a say in all actions of the board. All of the legislative and financial matters of the Foundation are the responsibility of all twenty trustees. All applications are reviewed and approved by the board and the amount of the allocated expenditure is established.

The Heart Foundation is funded by the Royal Arch Masons of Washington through donations, fund raising events by chapters, Memorials, Estate Bequests and by One Dollar Assessment on each Royal Arch Mason when he pays his Annual Dues.

If you would like to make a donation or place a memorial gift on behalf of some worthy person, it would be most welcome and appreciated. All donations and gifts to the Children's Heart Foundation are deductible for those who itemize their deductions. Donations can be made by use of the enclosed form or you can contact us by calling our 800 number.
